5-Year Limited Warranty

RONDO DKS552-553 LED street luminaires · Document No. TAKTON-DOC-WAR-DKS552-553-001

1. Scope

TAKTON OÜ ("TAKTON") warrants that RONDO DKS552 and DKS553 series LED street luminaires supplied by TAKTON are free from defects in material and workmanship for a period of five (5) years from the date of delivery, subject to the conditions below. The warranty covers the luminaire as supplied, including LED modules, integrated Philips Xitanium driver, optics, glass cover and housing.

2. Rated operating conditions

Supply voltage	220–240 V AC, 50–60 Hz; surge events within the rated 6 kV / 10 kV (CM/DM) protection level
Ambient temperature	−40 … +35 °C in operation
Environment	Outdoor installation within the IP66 / IK09 rating; post-top or side-entry mounting as specified

3. Performance under warranty

- Luminous flux: the luminaire is rated L90 B10 at 100 000 h (L95 B5 at 50 000 h). Within the warranty period, a lumen depreciation exceeding the rated L90 value is regarded as a defect.
- LED modules: failure of LED modules resulting in loss of light output beyond the rated lumen maintenance is covered.
- Driver: failure of the integrated control gear under rated conditions is covered.
- Housing and finish: corrosion or loss of ingress protection resulting from a material or manufacturing defect is covered.

4. Exclusions

- Installation, connection or operation not in accordance with TAKTON installation instructions, applicable standards (e.g. IEC 60364) or the rated conditions in section 2.
- Supply-network disturbances outside the rated values: over-voltage, surges above the rated protection level, lightning strikes, or incorrect earthing (Class I luminaire).
- Mechanical damage, vandalism, vehicle impact, impact energy above IK09, or water ingress resulting from damaged glass, opened housing or incorrectly fitted cable glands.
- Modification, repair or opening of the luminaire by persons not authorised by TAKTON; components or accessories not supplied/fitted by TAKTON (incl. sensors or control nodes fitted later).
- Normal wear and ageing within specification, discolouration of paint due to UV exposure, and cleaning with aggressive agents.
- Force majeure, fire, flood, and exposure to chemically aggressive atmospheres not agreed in writing at the time of order.

5. Claims procedure

- Claims must be submitted in writing to TAKTON (info@takton.ee) within 30 days of detecting the defect, stating the product designation, quantity, invoice/delivery reference, date of installation and a description of the defect with photographs.
- TAKTON may request return of the defective luminaire(s) for inspection or inspect on site. Products must not be returned without TAKTON's prior written consent.
- At its discretion TAKTON will repair, replace, or credit the defective product. Replacement products may differ slightly in design or specification where the original is no longer available, provided the performance is equivalent or better.
- The warranty covers the product only. Costs of dismantling, re-installation, lifting equipment, traffic management and transport are not covered unless agreed in writing.
- Repaired or replaced products are covered for the remainder of the original warranty period.

6. General

This warranty is given in addition to, and does not limit, the statutory rights of the buyer. It is governed by the laws of the Republic of Estonia and is subject to TAKTON OÜ General Terms of Sale.
